EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Peter N. Jansson on 10 JUN 2005.

The application has been amended as follows:

Claims 8-10, 17 and 18 have been canceled.

2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest the invention specifically as claimed. The independent claims require dark bands *circumscribing* a cavity in a *specific* location on the cavity. The location of these bands is critical to the applicant's invention. The prior art of record does not disclose or suggest the claimed bands in combination with the other elements as claimed. Therefore, claims 1-7 and 11-16 are allowable over the art of record.

Art Unit: 2859

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
